

TAKE A WALK ON THE WILDSIDE

10th & 11th June. 2pm to 5pm both days

Enjoy a walk in a 27 acre meadow which has 22 different species of wild flowers growing in it, and are in flower at different times throughout the summer.

Sown in 2015, the meadow is now fully established and is opening for charity.

Paths are cut in the field, the perimeter walk is about 1.5 miles, and there are also shorter routes cut within the field. Unfortunately it is not accessible to wheelchairs, but mobility scooters can travel with care in dry conditions.

You may see many different species of butterflies, bees, moths and other insects. It is also a quiet haven for many songbirds, especially skylarks, yellowhammers, flycatchers and goldfinches.

**£10.00
PER HEAD**
**CHILDREN UNDER 15
FREE**

Dogs will be allowed but must be on a lead

There will be a cup of tea and a cake included in the ticket price; any extra by donation.

Brief introductory talks will be given to groups during the afternoon
