

# Have you recently lost a loved one?

On behalf of NHS Lincolnshire, we would like to extend our sincerest condolences to you and your family at this time.

Did your loved one receive palliative and end of life care and support in a hospital, care home, hospice or at home?

We would like to hear what worked well and what could be better. Previous feedback has already helped us improve services for others, as everyone deserves the best possible experience during their final days.

Please could you take a few minutes to share your experience of the palliative and end of life care and the support your loved one received.
